Victory Theater

The world class, 250-seat Victory Theater will be a central, defining experience to make a journey through the Museum complete. The signature attraction, *Beyond All Boundaries*, is a multi-sensory cinematic experience designed exclusively for the Museum by Executive Producer Tom Hanks and Director Phil Hettema. Using an array of multi-sensory special effects, rare archival footage, state of the art graphics, and an advanced format 4-D technology, viewers will take an immersive journey that spans the global scope of World War II. The Theater will also showcase films and documentaries with the power to transform perceptions and change the way visitors learn about the war.
