Day Two - Falaise

On your first day of touring, journey to the picturesque town of Falaise, the birthplace of William the Conqueror. Visit Chateau de Falaise, the seat of the Dukes of Normandy from the 13th century to the 17th century, when it was abandoned. During World War II, the chateau suffered from heavy bombardment during the Battle of the Falaise Pocket, but was restored after the war. Next, visit the Memorial des Civils, dedicated to the Norman civilians who were affected by the D-Day invasion and during the ensuing 3 months of the Battle of Normandy. Return to Bayeux for an evening at leisure.

Accommodations: Hôtel d'Argouges (B)

Day Three - Mont Saint-Michel

Today's touring includes a trip to a breathtaking tidal island just off the Normandy coast. The island's signature abbey projects a dominating presence that has attracted pilgrims, armies, and tourists for more than a millennium. The visit includes lunch. Return to Bayeux this afternoon and attend a welcome dinner with main tour guests arriving today.
