THE PIGPEN CIPHER- ANSWER KEY 〰️

The Pigpen cipher begins with two grids with each letter of the alphabet to create your key:

A	C	E
B	D	F
G	I	K
H	J	L
M	O	Q
N	P	R

S T
U V — W X
Y Z
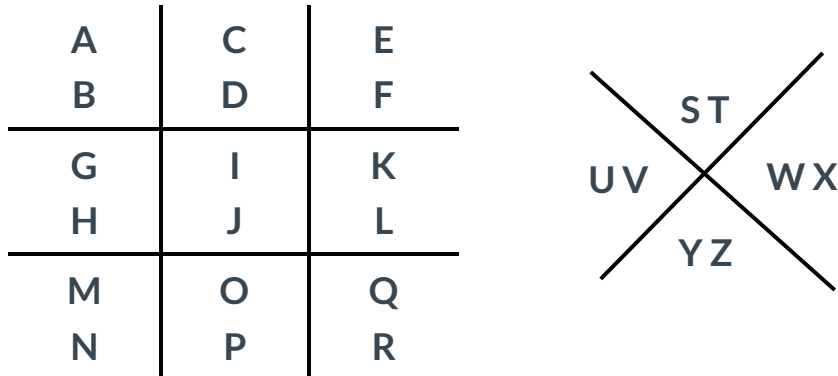

Each letter is represented by the part of the "pigpen" that surrounds it. If it is the second letter in the box, then it has a dot in the middle:

A = ⌐   I = ☐   S = ∨

B = ⌐.   J = ☐.   T = ∨̣

Example: **SECRET CODE** = ∨⌐⌐⌐∨ ⌐⌐⌐⌐

Try decoding these Pigpen messages on your own:

1. ⌐⌐⌐∨ ⌐⌐ ⌐∨ ⌐⌐⌐ = **MEET ME AT ONE**

2. ⌐⌐ ⌐⌐∨ ⌐⌐ ⌐⌐∨⌐ = **DO NOT BE LATE**

3. ⟨⌐⌐⌐⌐ ⌐⌐⌐ ∧⌐⟩ = **WHERE ARE YOU**

Now try to encode your name in Pigpen:

_____**VARIES**_____
