THE NATIONAL WWII MUSEUM BRICK LOCATOR MAP

ROAD TO VICTORY COMMEMORATIVE BRICKS & PAVERS

In order to create lasting memories, you must first pave the way.

With a brick or paver at The National WWII Museum, you have a unique opportunity to create a lasting tribute to heroes who served our country during World War II, US veterans, veterans organizations, or individuals who exemplify the American spirit. Every engraving is a tangible legacy of those who inspire others through their service, courage, sacrifices, and/or commitment to American values and the preservation of our freedom.

Since the campaign's launch, over nine million Museum visitors have seen the more than 55,000 classic red Victory bricks that line our campus—each an enduring, physical memory. Located on the sidewalks of the Museum's campus, these classic red bricks are among the most meaningful features.

As we complete our physical campus, we also offer Victory pavers in four different size options that will be installed in the heart of our campus on the Col. Battle Barksdale Parade Ground and Founders Plaza.

Your commemorative brick or paver will honor grandfathers and grandmothers, fathers and mothers, sons and daughters, friends, neighbors, and other inspirational leaders and organizations for generations to come. Honor these heroes today by visiting honoryourhero.org for purchase details.

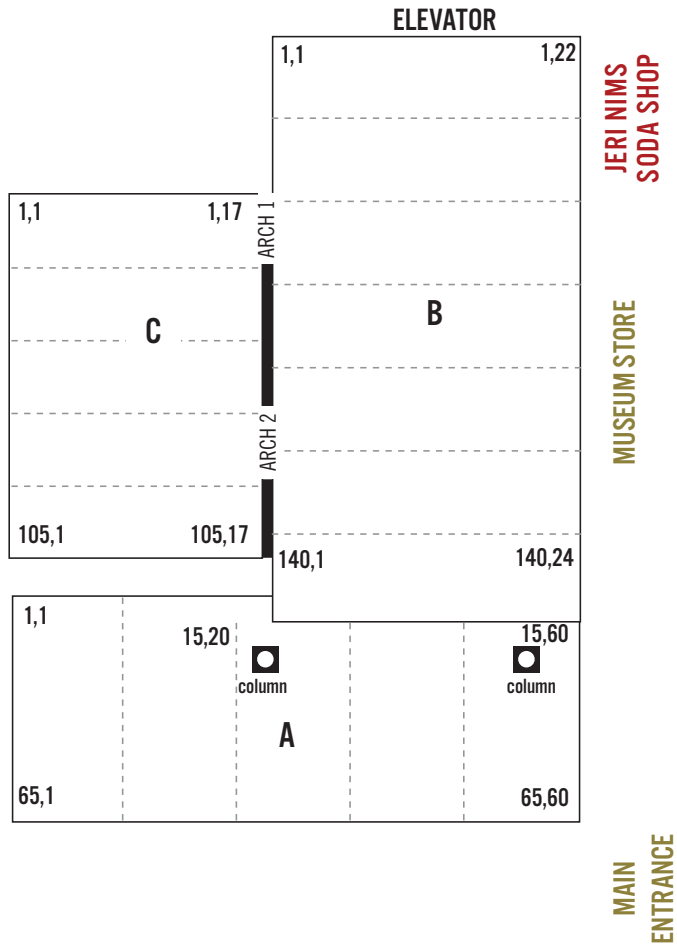

Your participation supports the Museum's mission to tell the story of the American experience in *the war that changed the world*—why it was fought, how it was won, and what it means today—so that all generations will understand the price of freedom and be inspired by what they learn.
