How to play:
  • Click on the price value in the category of your choice.
    – Answer the question in the form of a question.
    – Click on the answer button to reveal the answer.
    – Click on the house to return to the game board.
  • Do not move around slides because that will change the price values that have already been matched up with their questions.
  • Compose 5 questions for the category: “Your State during WWII.”
    – All price values have been linked to their pages, so you will only have to add question and answer.

Mickey Mouse, Bugs Bunny

Get in the scrap!

Save scrap metal
Save rubber
Save paper, save rags
Save fats and greases
Save!
Students during WWII: 400

What was the name of the events schools and communities held to collect the scrap?
Salvage/Scrap Drives
Name three popular items that students scrapped during WWII.
Examples:

Metal
Rubber
Grease

Get in the SCRAP
America's war industries need
METALS
PAPER
OLD RAGS
RUBBER
Get it back in war production
What is energy conservation?
Saving energy by reducing your use of items that require a lot of electricity.
Energy Conservation: 200

People have these in their homes to collect water bottles or newspapers after they’ve been used.
Recycle Bins

"We Recycle!"
Energy Conservation: 300

What are two simple ways you can conserve energy at your home?
Examples:
- Turning off the lights
- Don’t let hot water run for too long
Energy Conservation: 400

What makes up the largest part of U.S. trash?
Paper Products
Energy Conservation: 500

What is the main goal of recycling?
Finding ways to reuse items again and again
The American Home Front: 100

What does the term Home Front mean?
Term given to the US during WWII, as opposed to the battle fronts.

A vast majority of Americans (114 million out of 130 million) experienced WWII on the Home Front.
These were grown in families’ yards in order to provide the household with fresh vegetables, fruits, and other food items and to cut down on the amount of rationed items the family purchased at the grocery store.
Victory Gardens

YOUR VICTORY GARDEN
counts more than ever!
The American Home Front: 300

What tool did the government use to call people to join the military, workforce, buy war bonds, or to not waste food?
We Can Do It!

SAVE YOUR CANS
Help pass the Ammunition

Prepare your tin cans for war
1. Remove tops and bottoms
2. Take off paper labels
3. Wash thoroughly
4. Flatten firmly

Save waste fats for explosives
Take them to your meat dealer
The American Home Front: 400

Why did the Americans ration items on the Home Front?
Multiple reasons:
- Food was in short supply
- Processed foods were reserved for shipping overseas to our military and Allies
- Transportation of fresh foods was limited due to gasoline and tire rationing
What were the three fronts during WWII, as referenced on page 6 of the Get in the Scrap pamphlet shared on the Get in the Scrap! website?
DAILY DOUBLE: 1000 Points

1. The Front: Army, Navy, Marines, and all branches of military
2. The Second Front: Factories, shipyards – production
3. The Third Front: The people who scrap and collect resources used to make war supplies
Scrapping vs. Recycling: 100

How many trees can recycling one ton of paper save?
Why did the U.S. treasury start to make steel pennies in 1943?
Copper was in short supply because of its use in military supplies and equipment.
Scraping vs. Recycling: 300

How many water bottles do Americans use each year?
50 million water bottles

DAILY DOUBLE

How many of these 50 million water bottles are recycled?

ANSWER
23% are recycled.
Scrapping vs. Recycling:

400

Explain why people scrapped during WWII.
To collect items that could be used to make important supplies for the soldiers on the Front.
Scraping vs. Recycling: 500

Why did children scrap during WWII and why do we recycle now?
To win the war vs. to save the environment
